PROFILE

WordPress Developer with 4+ years of experience building, customizing, and maintaining responsive business and e-commerce websites. Skilled in WordPress development, Elementor, theme and plugin customization, website performance, hosting, and SEO-friendly implementation. Also focused on building n8n automation workflows that connect tools, streamline repetitive processes, and improve operational efficiency through APIs, webhooks, and integrations.

PROFESSIONAL EXPERIENCE

n8n Automation Workflow Developer — Self-Learning & Portfolio Projects 04/2026 – Present
Karachi, Pakistan

May 2026 – Present | Remote

- Designed and built n8n workflows to automate repetitive business processes, notifications, data handling, and application integrations.
- Worked with webhooks, HTTP requests, APIs, conditional logic, and workflow error handling.
- Developed and published automation workflow projects on GitHub [🔗](#), building practical competency in n8n automation.

WordPress Developer 07/2023 – 10/2025
KangTechs | Pakistan Karachi, Pakistan

- Developed and maintained responsive WordPress websites for business and e-commerce clients.
- Customized themes, plugins, and Elementor layouts to meet project and client requirements.
- Improved website performance, responsiveness, SEO structure, and ongoing technical support.

WordPress / Front-End Developer 01/2023 – 06/2023
Applause Digital Solutions Karachi, Pakistan

- Built responsive WordPress websites and custom page layouts for service-based businesses.
- Created front-end components using HTML, CSS, and JavaScript to improve website functionality.
- Managed website optimization, maintenance, bug fixes, and client-requested updates.

WordPress / Front-End Developer 01/2021 – 01/2023
KMH Automation (Software House) | Pakistan Karachi, Pakistan

- Developed corporate and service-based WordPress websites using custom layouts, HTML5, and CSS3.
- Supported website branding, responsive design, deployment, and content structure.
- Managed hosting, domain configuration, basic security, and website maintenance tasks.
